

Congratulations to our 2018 Graduates who were recognized in Worship on May 20th.

Monique Law is an artist and an animal lover. After two years at Timbersong Academy in Weaverville NC, she will receive her high school diploma from the Rock Point School in Burlington VT. During her two years in VT, she has excelled as an artist in her favorite medium of water color and enjoyed working in the school's stained glass studio. She has been a regular volunteer at the Humane Society of Chittenden County. The Dorchester Art Project (DAP) uses her artwork for promotion of local events and she has done fundraising for the MSPCA at Nevins Farm selling magnets of animal drawings. Monique will live in Cambridge next year working in the animal care field while becoming reacquainted with her home state. She will enter Montserrat School of Art in the Fall of 2019 and plans to study illustration, painting and printmaking.

Andrew Seelig will be studying Engineering at Penn State University. In high school he participated in cross country, track and tennis. He also has a part time job at the Village Pharmacy. Andrew enjoyed going on a church mission trip to HOME in Orland, ME in 2014 in which he helped to build, paint and repair houses. In April, Andrew and three of his friends spent nearly a week hiking and camping out in the wilderness at Zion National Park in Utah.

Raden Sorli-Hawk's parents told her as she entered kindergarten, that school was her job and she took it to heart! Raden is a member of the National Honor Society as well as Tri-M, the Music/Scholastic Honor society. She has enjoyed being in many plays and musicals. She plays flute and bass guitar in the Lynnfield High School Jazz and Pioneer bands and sang in the Mariachi band. Raden has enjoyed writing for the Catalyst and the Lynnfield Town paper. She is part of the yearbook staff and is an active member of the Gay/Straight Alliance club. Raden is excited to be going with her Destination Imagination team to the Global Finals in TN this year! Here at our church, Raden has greatly enjoyed many service projects and mission trips and, under the loving guidance of the Centre Church Community she has continued to grow, now serving in the diaconate. Raden feels she hit the 'cosmic jackpot' when it comes to the wonderful friends she has made. She plans on attending Brandeis University in the fall.

Caitlin Timmons is graduating from Concord Academy. While there, she was a captain of the varsity tennis team, head of the tour guide program, participated in Destination Imagination and visual arts. Next year, she will be attending Smith College. She is looking forward to participating in research and hopes to major in either biology or neuroscience.

Maggie Weaver is excited to be attending St. Joseph's College, located on Sebago Lake in Maine. Maggie will be studying nursing and looks forward to continuing some of her high school hobbies. In high school Maggie participated in several choral groups, played basketball, and ran track. At Centre Church, she has joined the church choir for holiday performances and has assisted in the nursery. Maggie wants to thank everyone for all their support given to her during her high school years and looks forward to a new adventure in Maine.
